

KITESURF CAMP SARDINIA ON THE ROAD!

26 SEPTEMBER - 17 OCTOBER 2020

SPORTSPARADISE
fun to be free

THE EXPERIENCE

We have planned a kitesurf camp for beginners, advanced and experienced kites; part of the program is also the discovery the wonderful Sardinia. With traditional food, excursions and many other activities (SUP and canoeing), the feeling of community and longing for pure nature experience are satisfied. We will experience different spots depending on the wind direction. This makes our kite camp an experience on the road!

OUR CLAIM

Our claim is to make you feel the lifestyle of kiting. The sea is a benefit for the soul and the sporty aspect is healthy for the body. Kitesurfing gives positive thoughts, self-esteem and ease. We would like to make you discover a new passion for kitesurfing. Our motto is **Fun to be Free!**

KITE-CAMP ON THE ROAD

Experience the best way to gain a lot of experience with the support of professional guides, familiarize yourself with the Sardinian culture and explore the beautiful island. We will start in Bari Sardo (east coast, this is the location of the *Sports Paradise* school in summer); in autumn the wind is good in Sardinia and can come from different directions. We will kite in Bari Sardo with the Grecale and Scirocco winds; if the Mistral or Ponente wind blows we will drive west to Punta Trettu, or to the south. It is best to take a caravan or small bus or tent with you so we can camp next to the spots and live the real surf style adventure.

Those who are good kites but would like to join a group and would like to have support to choose the best spots depending on wind conditions can join us, we also offer this service.

WHO IS THE CAMP FOR?

- For beginners and for advanced who still want to practice water start and riding
- For sports enthusiasts who want to have new experiences and adventures
- For kites who want to experience new spots and enjoy the safety of a professional team
